

Shopkeeper: packs & prices

PLAY3 · Private role sheet · Answer the questions; keep this list private

Prices are per pack or bottle. Sell whole packs only. No discounts.
You have two of every product below, except napkins: one pack.

Product	Inside one pack / bottle	Price
Sandwich box	6 sandwiches	£9
Apple bag	6 apples	£3
Water bottle	1 litre of water	£2
Cake box	4 cakes	£4
Crisps	1 large bag of crisps	£2
Juice bottle	1 litre of juice	£3
Napkins	10 napkins	£1

Give clear answers

Yes, we've got some apples. / There are six in a bag.

A bottle contains one litre. / One box costs £9; two boxes cost £18.

We haven't got any loose sandwiches. You need to buy a box.

Check the buyer's basket

Does it meet all four targets on Student 1? Check the number of packs, their contents and the total.

Ask: **Is there enough money left for the bus?**

Then ask about one choice: **Do you need that extra? Why?**

Approve any basket that follows the rules. Extras are a choice.
