

Vocabulary recall record

S06E10 | Practical classroom resource

Choose three useful words

Pick words from an earlier lesson. Keep them hidden during the first attempt.

Try a fresh conversation

Ask a question about a familiar topic that could bring the words back. Allow thinking time.

Offer a cue if needed

Try a context reminder, a definition, a first sound or a first letter. Add help gradually.

Record each attempt

Word 1: _____ Cue needed: _____

Word 2: _____ Cue needed: _____

Word 3: _____ Cue needed: _____

Use the words again

Ask for a new sentence or continue the conversation. Return to the words later without the original clue.

Reflection

Which word returned independently? _____

What should we revisit next lesson? _____
