Homework: find a solution

6 Reply in the team chat

Your situation: You can spend £5. You have a call at 12:40.
Your task: Explain both problems. Suggest a different dish and delivery time. Use the menu on page 1.

Write three or four short sentences.

7 Leave a short voice message

Record your reply, or prepare to say it in class. Include the dish, price and delivery time. Ask if your suggestion works for your colleague.

Hi Ben. Sorry, _____. How about _____? It's _____. Can we choose delivery at _____? Does that work for you?

Check your message:
☐ I explain the price problem. ☐ I explain the time problem.
☐ My new plan fits my budget and arrives before my call.

Next lesson: listen and respond

Play or read your message. Your partner notes your new plan and responds. Check the final plan together.
